See the magic!**

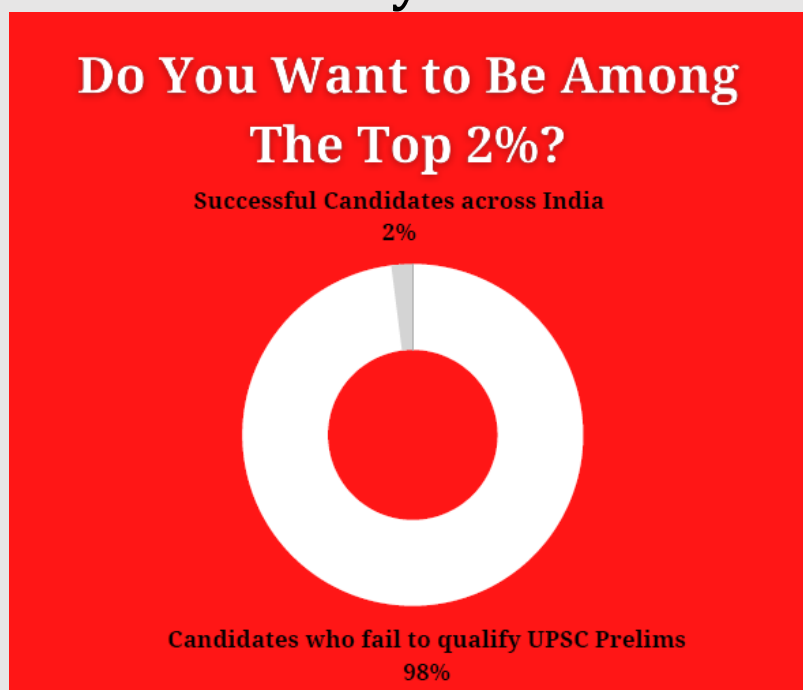

## What is ClearIAS Prelims Marks Booster (PMB) Program?

- ClearIAS Prelims Marks Booster (PMB) is a **50-Days Online Course (100-hours)** that helps to make a big jump in your UPSC CSE Prelims Marks.
- The main attraction is **Video lectures by experts**.
- Video lectures can be attended as **LIVE Classes, Recorded Classes or both**.
- This program will be under the direct guidance of the expert Civil Service Trainer and popular author, **Mr Alex Andrews George**, who cleared UPSC CSE Prelims 5-times in a row and attended multiple UPSC Mains and Interviews.
- Along with Mr Alex Andrews George, 9 other expert faculties are part of the ClearIAS Team behind the PMB Program.
- Training will be provided in two areas: **Subject Knowledge** and **Exam Skills**.
- Our entire focus is to boost your Prelims Marks by **bridging the gaps in your preparation!**

## Be one of the top 2% of candidates who clear UPSC CSE Prelims this year!

- 98% of IAS aspirants who appear in the UPSC Preliminary Exam fail to cross even the first stage. This is the case with most aspirants even after repeated attempts.
- Aspirants fail to clear the UPSC cut-off because there are gaps in their preparation. Traditional coaching is often not sufficient to equip aspirants to face the challenges as per the latest UPSC Exam requirements.
- To be in the top 2% you need to think differently. You need expert mentorship. You need the right training. Just like ClearIAS Prelims Marks Booster Program.

## Why you must attend the ClearIAS Prelims Marks Booster (PMB) Program?

- All you need to clear the UPSC CSE Prelims is 100-110 marks out of 200. That's what the previous year's trends suggest.
- However, many candidates despite their hard work score fail to score above the UPSC cut-off marks. This is because of a lack of proper training and guidance.
- If you fall in this category or if you find it difficult to score consistently above 110, this course is for you.
- A score of **85 becomes 110** if you just get 10 additional correct answers. 10 additional correct answers mean 26.66 marks!
- A score of **70 becomes 110** if you just get 15 additional correct answers. 15 additional correct answers mean 40 marks!
- Actually, **40-50 Extra-Marks is quite possible** if you get the right guidance.

## Who should attend ClearIAS PMB Program?

If you are unable to improve your Prelims marks despite self-study or traditional coaching, you should definitely join ClearIAS PMB. PMB program will help boost the marks of both beginners and veterans.

## **Nothing will boost your UPSC Prelims Score like PMB!**

- Watch one of the PMB classes conducted last year OR talk to our previous year students. They will testify this: Nothing will create a jump in your prelims marks like the PMB program.
- The magic PMB creates is based on the experience and expertise of our faculties in the UPSC Test Prep.

## **What will be discussed in PMB Classes?**

- Most Repeated Question Areas
- Most Probable Question Areas for this year
- Previous Year UPSC Questions and Analysis
- Intelligent Elimination Techniques
- Question Paper Solving Techniques
- Tips to boost UPSC CSE Prelims Marks
- How to bridge the gaps in your preparation?

***Note: The classes will use ClearIAS Question-Answer Approach (QAA) and will be predominantly based on MCQs.***

## Expert Training under Mr Alex Andrews George, who cleared UPSC CSE Prelims 5-times in a row!

## ClearIAS Prelims Marks Booster (PMB): A special program with an intention of maximum results in minimum time

- Before you enroll in this course, we want to make one thing clear: **PMB is a special 50-days online course**. It is not a detailed 1-year course that will cover every minute detail of the UPSC CSE Prelims syllabus.
- We have a clear idea regarding what we can deliver in 50-days or 100-hours. The goal of this special program is to focus on the **high-priority areas** which will bring **maximum results in a short time** like ClearIAS IETs.
- The focus of ClearIAS PMB is to **bridge the gaps** in your preparation. The focus of ClearIAS PMB is to **boost your marks** by concentrating on both **knowledge and exam skills**. This program uses an **MCQ approach** and will also serve as a **revision**.
- The ClearIAS PMB Program will be **useful to both beginners and veterans** who wish to make a jump in their Prelims Marks. It will be particularly useful for repeaters who are unable to clear UPSC cut-off score in previous attempts.
- If you are looking for a detailed course that cover the UPSC syllabus in-depth right from the beginning, join the 1-year ClearIAS Prelims cum Mains (PCM) program that has more than 600-hours of video lectures.
